

CITY UPDATE

July 2021

STORE AND DISPOSE OF HOUSEHOLD TRASH PROPERLY--AND OUT OF VIEW

Concerned about a refuse storage or disposal problem in your neighborhood? Contact the City Manager's Office—telephone 920-793-5532 or email liskue@two-rivers.org

The City's Solid Waste Ordinance (Title 5, Chapter 6) includes requirements that:

- Refuse be stored in “watertight, rodent proof containers” — that is, trash cans with lids. Refuse can only be placed outdoors in garbage bags when placed at the street or alley for collection.
- Both trash cans and recycling containers must, except when placed at the street or alley for collection, be kept as far as possible out of public view. In no case shall such containers be stored in the front yard or in the street side yard of a corner property.
- Trash and recyclables can be placed at the side of the street or alley no earlier than noon on the day before collection; empty containers must be removed by the day following collection.
- Refuse shall not accumulate on any property. Quantities in excess of what will fill a 32-gallon garbage bag or container must be disposed of within one week.

WE NEED YOUR

SUPPORT

The Two Rivers Police Department is asking you to help support our new K9 Program!

In order to provide this valuable service to our citizens, we are partnering with members of our community, people like you, to get this program on its feet, or should we say paws!

You can help us raise the \$50,000 needed to start the program and ensure that this service is available, not just tomorrow, but for years to come.

Donations can be sent in care of: Two Rivers Police Department: PO Box 87, 1717 East Park Street, Two Rivers, WI 54241 or feel free to stop by and see us, purchase a K9 t-shirt, or follow our progress on the thermometer outside City Hall.

Celebrate TWO RIVERS
