Metal Detector Permit Application

Name:			
Address:			
City:	State:	Zip Code:	
Phone:	Email:		

Municipal Code Section 9-3-5 Use of Metal Detectors on Public Property

Absent authorization by the City Manager, the use of metal detectors and digging for buried objects on City property, except beaches where no vegetation is present, is prohibited.

Permit will be valid for the calendar year.

Exercise care and leave the ground and any vegetation as you found it. Problems in this regard could detract from the beauty of our parks and add to the cost of maintenance.

I have read and will adhere to the Two Rivers Municipal Code Section 9-3-5 Use of Metal Detectors on Public Property. I understand that failure to adhere to these policies may result in the revocation of my permit. Permit will be emailed/mailed to applicant.

You may email the completed application to communications@two-rivers.org. You may also drop off or mail to, Attn: City Manager, 1717 E Park St, Two Rivers, WI 5424
