3. Central Park West Project

The citizen planning committee met on September 15 to continue to refine both the design and project cost estimates, including:

- Addressing size and configuration of the "audience" area in front of the bandstand
- Revisiting proposed elimination of West Park Street in front of the Community House
- Location and Design of concessions/restroom building
- Size and location of splash pad

The Committee has requested a special joint meeting with the City Council on Thursday, September 30, to review design issues, especially the proposed use of West Park Street in front of the Community House. (Request is on tonight's agenda.) The committee also has a meeting scheduled for Thursday, October 21.

4. Recent Events

**Main Street Ethnic Fest Saturday,
September 18**

Vendors were down slightly from “normal” years, but the vendors and attendees alike had a great day. The great weather helped make for a successful day downtown.

Thank you, Two Rivers Main Street and sponsors

Council members are invited
to attend.

100 megawatt solar generating facility was constructed by NextEra Energy, owners of the Point Beach Nuclear Plant, based on a 20-year power purchase contract with WPPI Energy, Two Rivers' energy supplier.

315,000 photovoltaic panels cover 465 acres in the Town of Two Creeks.

With careful investment in a diverse portfolio of generating resources, which also include Point Beach Nuclear, WPPI Energy is on-track to reduce carbon emissions by 45% by 2025 (compared to base year 2005)
