City of Two Rivers NEWSLETTER

FROM THE CITY MANAGER'S DESK

Hello, Two Rivers! Being selected as your next City Manager is one of the biggest honors of my life. My family and I are all-in on the future of this community. Coming from small towns in southeast Michigan, Two Rivers feels like home to us.

Two Rivers is a special place—historic, beautiful, and full of possibility. Like many harbor communities, we face familiar challenges of population decline, aging infrastructure, and a changing economy. But these are not signs of decline—they're opportunities for pivoting towards the future and making bold moves.

Our vision for a revitalized Two Rivers rests on four pillars:

- **People First** Attract and keep residents with housing, amenities, and career paths. Welcome newcomers, embrace diversity, and build trust through open communication.
- **Economic Renewal** Reinvest in Washington Street and the waterfront, support small business, and bring in targeted industries on a small-scale.
- **Infrastructure Investment** Strengthen the core systems and green spaces that keep our city strong. Infrastructure is the foundation of a thriving community.
- **Embrace Identity** Promote Two Rivers as a vibrant coastal gem while honoring our heritage and unique history.

Two Rivers does not need to be a big city. It just needs to be the best version of itself it can be.

— Kyle Kordell, City Manager

DID YOU KNOW?

Just off the shores of Two Rivers lie more than 30 shipwrecks, echoes of schooners and steamers that met their fate in the 1800s and early 1900s. In 2021, this stretch of coastline became part of the Wisconsin Shipwreck Coast National Marine Sanctuary, protecting 962 square miles of waters filled with maritime history. These wrecks aren't just relics—they're underwater adventures waiting to be explored. Next time you look out over the lake, remember: whole stories of courage and tragedy rest just beneath the surface.
