

REQUEST AUTHORIZATION FOR PLACEMENT OF DUMPSTER OR STORAGE CONTAINER IN PUBLIC RIGHT-OF-WAY PER CITY OF TWO RIVERS ORDINANCE 5-6-24

I hereby request to place a dumpster/storage container in the public right-of-way. I have read and understand the information given below and will comply with any and all conditions listed.

Please be advised that approval from the City of Two Rivers must be obtained prior to placement.

Vendor Name _____ Vendor Email _____

Vendor Address _____ Vendor Phone No. _____

Property Address (where container will be placed) _____

Date dumpster/storage container to be placed _____ Date to be removed _____

Description of Project _____

Placement of a dumpster or storage container on the street is discouraged due to traffic safety considerations.

Approval will be granted in extreme cases only where it is not possible to place the dumpster/storage container on private property. A dumpster/storage container placed in a street right-of-way must be made visible using the following method:

Reflective barricades with flashing lights approved by the Director of Public Works, or designee, are placed on both ends of the dumpster or storage container. Barricades with flashing lights can be rented from and placed by the Two Rivers Public Works Department. **Flashing lights must be placed on the barricades when they remain in place at any time from 4:00 p.m. to 8:00 a.m.** A rental fee of \$5 per day for two barricades with flashers will be charged to the vendor until Public Works is notified to pick up the barricades and rental fees calculated. **It is the applicant's responsibility to notify the Public Works Department at 920-793-5539 before the dumpster or storage container is delivered and when the dumpster is removed.** Please note that during winter months, the vendor is also responsible for snow removal around the dumpster.

At times when the dumpster is not being used directly (i.e. overnight), the dumpster must be secured to prevent debris from blowing out of the dumpster. The City of Two Rivers shall not be held liable for any illegal dumping of refuse in the dumpster.

The Two Rivers City Manager, Police Chief, or Director of Public Works or designee, may order the dumpster or storage container removed at their discretion, with the vendor responsible for all costs.

I agree that I will indemnify and hold harmless the City of Two Rivers from any and all claims, actions, liabilities, demands or obligations of any nature whatsoever arising from the placement of a dumpster or storage container in the public right-of-way pursuant to this permit, including reasonable attorney's fees and expenses.

I agree to comply with all applicable laws, ordinances, regulations, and any special conditions, restrictions, or orders as may be imposed by the Director of Public Works or his/her designee.

Barricades supplied by vendor

Barricades rented from City

Applicant's Signature _____ DATE _____
