COMMUNITY HOSPICE

## **Understanding Hospice and Your Hospice Benefit**

---

**December 7th- 1pm**

When a loved one receives a terminal diagnosis, it can be a scary and emotional time. But terminal doesn't necessarily mean immediate, and it doesn't mean being alone. In this presentation learn about hospice services, our hospice team, what comfort care is and how hospice supports your quality of life. Also learn about Medicare benefits for hospice services and how they are accessed and within reach to ensure the best care possible when needed.

Presenter: Tracy Cinealis, CSA, CHSP. Tracy is the Hospice Referral Specialist for Sharon S. Richardson Community Hospice.

## **Understanding Palliative Care**

---

**January 4th- 1pm**

With incredible advances in medications, medical knowledge and technology, people are now living much longer which can mean that there is a growing population of people living with chronic and complex medical needs. This presentation will provide a better understanding about what palliative care is and how a palliative care team supports care goals and quality of life alongside of you, your family and your doctors to provide: coordination of communication, comfort care, symptom management and caregiver support.

## **How to Start the Conversation: Your Care Needs and Wishes**

---

**April 4th- 1pm**

Whether you are in need of more care or you are the person providing care, having a conversation about needs can be difficult. Being a caregiver may start with shopping for groceries, picking up medication or attending a doctor's appointment. Later, you may find yourself taking more time off from work, preparing meals, handling bills and potentially facing caregiver burnout. The same goes for the person who is receiving care. It may start with receiving assistance with errands, shopping, cleaning your home when suddenly you find yourself needing more care. Who will start the conversation? The caregiver or the care receiver? In this presentation, we will discuss some basic techniques that can be used to initiate a conversation about care as well as examine when additional help is needed.

UPCOMING CLASSES: 5/2/24- Caring for the caregiver: Flourishing. 9/5/24- Rebuilding: Purpose After Caregiving and Loss. 11/7/24- Grief Through the Holidays

**Call 920-793-5596 to sign up TODAY!**

Join us for a madcap revue with a hysterical, anything-goes, good natured sense of fun. The Little Sisters of Hoboken are in dire financial straits. It seems they must raise enough money to bury the last four of 52 dearly departed nuns who were accidentally poisoned by the convent cook, Sister Julia (Child of God). The five remaining sisters perform with quick paced, comic flair and high-spirited singing. It's an outrageous premise for a long-running hit show that's "sinfully" hilarious and definitely habit forming! - [firesidetheatre.com](http://firesidetheatre.com)
